# CARDINAL LoE<sup>3</sup>-366 GLASS

## Features / Benefits Comparison

*Standard Clear Insulating Glass*

### Cooler in Summer

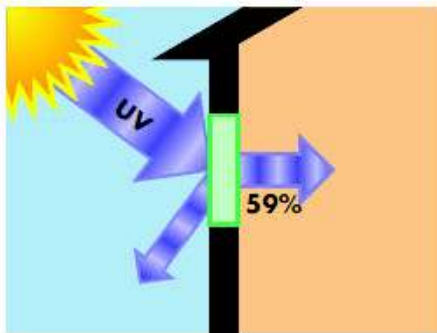

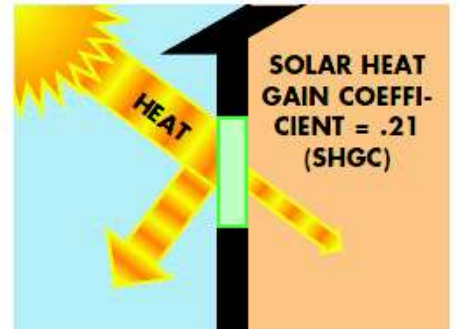

The total solar energy transmitted through Cardinal LoE<sup>3</sup>-366 glass is 70% less than that transmitted by standard clear insulating glass.

Cardinal LoE<sup>3</sup>-366:

\*Reduces the solar heat gain coefficient (SHGC) from .75 to .21

\*Blocks 95% of the sun's damaging ultraviolet rays-  
Helps your furniture, carpets, curtains and wall coverings stay beautiful for years to come.

*Cardinal LoE<sup>3</sup>-366 Insulating Glass*

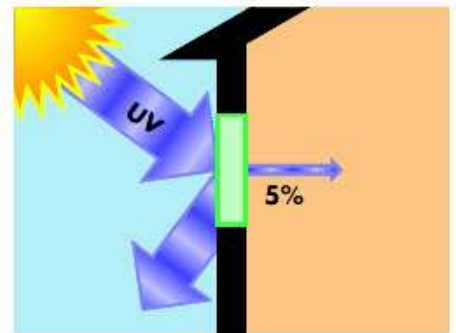

### Warmer in Winter

Cardinal LoE<sup>3</sup>-366 reduces the U-Factor (insulating value) to a .29.

\*Lower U-value means higher performance

\*Reduces furnace heat loss

\*Help reduce heating energy costs

Cardinal LoE<sup>3</sup>-366 adds a third layer of silver coating **RESULT:** a clear coating that blocks even more solar gain, reflects heat and lets the light stream in. Also, there are no heavy bronze or smoke-colored tints to darken your home. LoE<sup>3</sup>-366 actually outperforms the tinted glass often used in warm climates.

## PERFORMANCE FEATURES

1. **Fusion Welded Corners**  
are secure and weather tight

2. **Die Cast Cam Locks**  
provide reliable locking and  
a weather tight seal

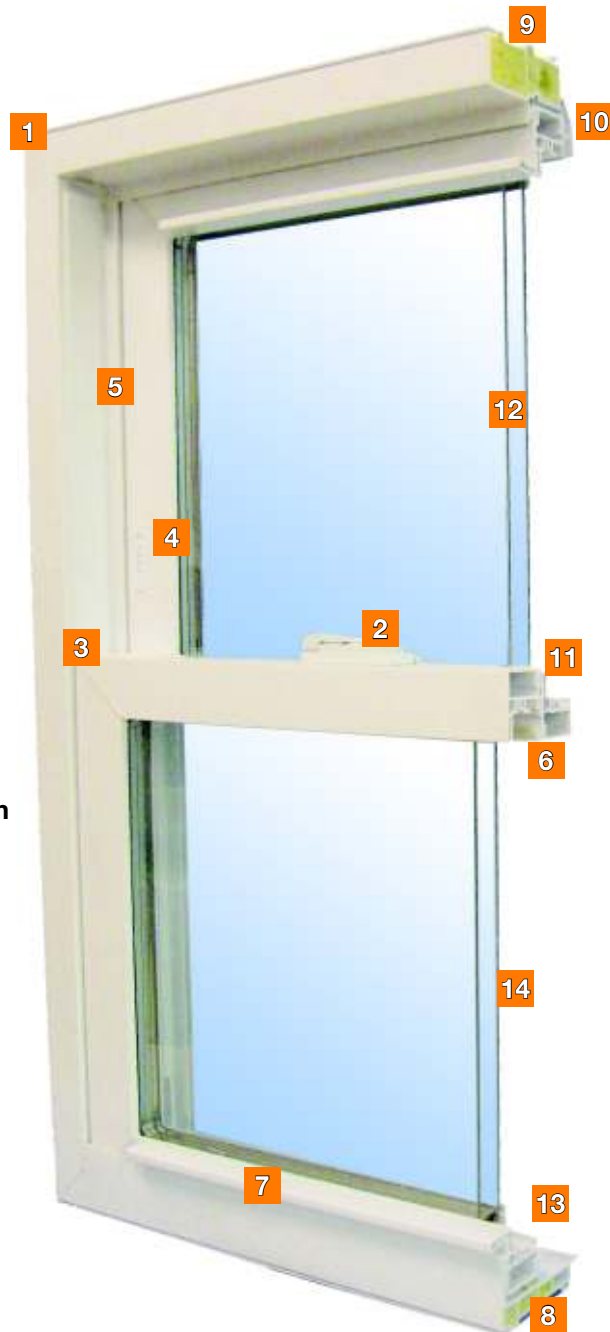

3. **Flush Mount Tilt Latches**  
allow for convenient cleaning  
from inside the home

4. **Double Night Locks**  
permit secure ventilation

5. **Constant Force Balance System**  
allows sashes to move freely  
with no adjustment needed

6. **Heavy-Duty, Deep Pile  
Weather stripping**  
with mylar fin provides  
exceptional resistance to  
air/water infiltration

7. **Integral Lift Handles**  
for smooth operation

8. **Compression Bulb Seal**  
adds extra protection against  
the elements

9. **Multi-Chambered Foam Filled  
Vinyl Frame**  
for greater insulation and comfort

10. **Beveled Exterior Frame**  
enhances curb appeal

11. **Full Width Interlock Meeting  
Rails**  
creates a super-tight seal  
against air infiltration and  
provides security

12. **Double Paned 1" Insulated Glass**  
Produces optimal energy  
efficiency

13. **Sloped Sill**  
facilitates easy water run off

14. **Aluminum Screen**  
features fiberglass mesh to keep  
pests out
